— WHO WE ARE

We treat your business *like our own.*

DigitalNgage is a results-first digital marketing & technology agency. Creative strategy, data and engineering work together to move the numbers that matter — leads, sales and revenue.

We saw businesses juggling one agency for posts, another for ads, a freelancer for the website and spreadsheets for leads. Nothing talked to anything else, and leads slipped through the cracks. So we built DigitalNgage as one team that does it all: the reels and ads that create demand, the websites and stores that capture it, and the CRM software that turns every lead into a conversation.

MISSION

Make world-class digital growth accessible to every Indian business — big-brand strategy, creative and technology at a scale and price that works for growing companies.

VISION

Be the growth partner brands never want to leave, measured by the only metric that counts: our clients' results, month after month.

WHAT WE DO

13 services. *One growth team.*

Social Media Marketing
Instagram, Facebook, LinkedIn & YouTube — content calendars, reels, carousels and community.

Meta & Google Ads
ROI-first campaigns on Facebook, Instagram, Search, Shopping, Display & YouTube.

SEO & Local SEO
Technical, on-page and off-page SEO plus Google Business Profile to win page one.

Website Development
Fast, animated, mobile-first websites and landing pages built to convert.

E-commerce Stores
Online stores with UPI, cards, COD and server-verified payments.

CRM & Custom Software
Sales CRMs, quotation tools and dashboards built around your team.

Lead Generation
Funnels, landing pages and WhatsApp automation for sales-ready leads.

App Development
iOS & Android apps with clean UI, solid backends and store launch.

Branding & Creative
Logos, identity, posters, packaging and ad creatives that stop the scroll.

Video & Reels
Scripted reels, product shoots, explainers and motion graphics.

WhatsApp & Email Automation
Auto-replies, broadcasts, cart nudges and lead nurturing on autopilot.

Reputation Management
More five-star reviews and professional responses to every one.

Structural Design & Engineering
Design & analysis, 2D/3D detailing, industrial and commercial structures.

— STRUCTURAL ENGINEERING

Structures that stand.
Drawings that build.

The same team that runs your marketing can design the building behind it — engineered for safety, economy and fast execution on site.
